Anysberg Nature Reserve is located in the semi-arid Klein Karoo, between the towns of Ladismith, Laingsburg, Touwsrivier and Montagu. The reserve, officially proclaimed in 1990, encompasses 79 629 hectares of plains and the majestic Cape Fold Mountains, with deep valleys and steep gorges. Fed by three rivers, (Touwsrivier, Anysriver and Prinsriver) a diversity of life is supported here amid mountain fynbos and the characteristic veld of the Klein Karoo. It is also a World Heritage Site.

Visitors will enjoy regular sightings of the numerous antelope species and black-backed jackal. If lucky, species such as Cape Mountain Zebra, caracal and the critical endangered riverine rabbit can be spotted. Leopards still roam the mountains, although these notoriously shy creatures are seldom seen. About 180 bird species are regularly spotted on the reserve, making it a popular choice for birders. Besides the mesmerising landscape and rich plant and animal life, the reserve is also home to San rock art, painted thousands of years ago.

Directions

The reserve can be approached from the four nearest towns. Touwsrivier and Laingsburg on the N1 and Montagu and Ladismith on the R62. From Ladismith/Laingsburg you will enter the reserve from the eastern gate at Grand Canyon. From Touwsrivier you will enter the reserve from the western side at Kruisrivier gate using the Bloutoring road. From Montagu you will follow the road over Ouberg Pass and enter through the Spitskop gate at Allemorgensfontein also on the western side of reserve.

Vrede Office: 33 27 48.7 S 20 35 18.7 E
Grand Canyon Gate: 33 25 52 S 20 48 0.5 E
Kruisrivier Gate: 33 30 0.8 S 20 20 21.3 E
Spitskop Gate: 33 34 0.2 S 20 22 27 E

Please note a high clearance vehicle is needed to access the reserve.
