

CapeNature **20**  
YEARS 1999-2019

Twenty years of nurturing nature for you

## World Fisheries Day

**DATE: 21 NOVEMBER 2019**

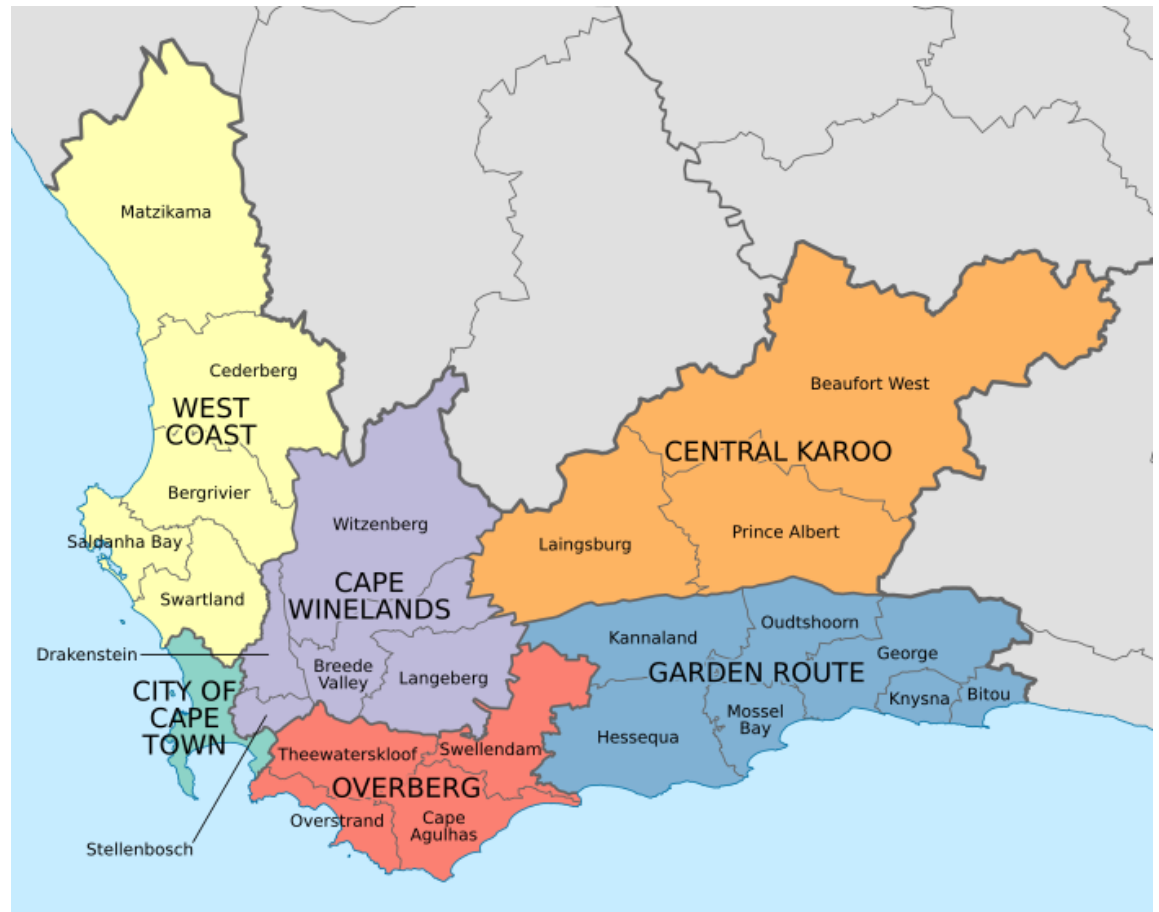

# Who are we?

CapeNature is the part of government that protects natural occurring plant and animal life (biodiversity) in the Western Cape.

Quick activity: Can you spot where we are right now on this map of the Western Cape? Do you find any ocean or sea along the Garden Route? Which towns in the garden route where you can do fishing ?

# What is World Fisheries Day ?

Quick activity: If the first World Fisheries Day was celebrated on the 21<sup>st</sup> November 1997, how old is it today?

- It's like Birthday for our Worlds Fisheries
- Is celebrated every year on November 21 to remind us how important our fish and oceans are

“Mister!”, “I am a dolphin, I speak for the ocean

Will you speak for  
the ocean too?
